

...if you want the best. For superior performance, reliability and design, check out the Mitsubishi DIAMONDTRON™ NF series of truly flat screen monitors. Their brighter, sharper images are amazing users around the world. Simply set a Diamond Pro NF alongside another leading brand and compare. You'll see why professionals and general users alike recognize Mitsubishi as a mark of excellence (long-standing No.1 monitor brand in Japan\*). So if you really want the best, forget the rest. Think Mitsubishi NF Monitors.
